WHO WE ARE

EXPECT **EXTRAORDINARY**

From rocket motors to root beer, Flexpak has the capability to package any product. While packaging is our specialty, it's our commitment to our customers that truly sets us apart. Our operating philosophy is simple: Expect Extraordinary.

OUR **VISION**

We believe our customers deserve extraordinary service, which is why we will always go above and beyond for every customer. That single-minded focus drives us in all aspects of our work. It's not surprising for us to hear someone say, "I thought I was your only customer."

WHY **FLEXPAK**

Flexpak is one of the West's largest and fastest growing packaging distributors. We are a proud member of PDA (Packaging Distributors of America), which provides us with a national footprint to service our customers. Our packaging experts are equipped with the knowledge, resources, and experience to solve your packaging challenges.

PACKAGING EQUIPMENT

Streamline operations with well placed packaging equipment.

Well placed packaging equipment removes excess labor and material costs from your products, as well as improves safety and minimizes downtime. We carry and service a full-line of packaging equipment and machinery with non-proprietary replacement parts, which lowers your total cost of ownership over the life of the machine.

CASE SEALERS

Case sealers provide economic automation for carton sealing to increase efficiency. Case sealers come in several models and can be further enhanced to address specific challenges or objectives.

STRETCH WRAPPERS

Stretch wrappers are available in semi-automatic and fully-automatic models depending on your product & pallet wrapping needs. Stretch wrappers come in turntable, rotary tower, and orbital configurations.

CASE ERECTORS

By efficiently and consistently erecting boxes, case erectors provide increased production & labor savings. Case erectors give you flexibility with easy changeovers and a range of speed capabilities.

SHRINK FILM SYSTEMS

We offer a full-line of automatic, standard and custom shrink wrapping systems; including shrink wrappers, shrink bundlers, L-bar sealers, side sealers, tunnels, in-feed solutions and conveyors.

PROTECTIVE PACKAGING EQUIPMENT

We offer a variety of on-demand inflatable packaging systems to solve any shipping need, including ship-from-store applications to full-scale distribution centers.

AUTOMATED BAGGING

Our bagging machines and cold seal systems are ideal for packaging almost any product, quickly and accurately. Any industry benefits from our flexible packaging solutions with reduced costs and improved productivity.

STRAPPING SYSTEMS

Strapping systems are available in automatic, semi-automatic and customized models. Our full-line of strapping systems contain machines designed to strap almost any size or type of parcel in a variety of different configurations.

LABELING EQUIPMENT

Pre-printed or print and apply labeling automation solutions elevate your manufacturing, warehouse operations, fulfillment, and distribution processes for a better bottom-line. Our models range from hand-held applicators to fully automatic dispensers.

OUR TRUSTED PARTNERS

Flexpak is an industry leader in providing cost-effective and innovative packaging solutions. We work closely with our manufacturing partners to provide best-in-class products and equipment to our customers.

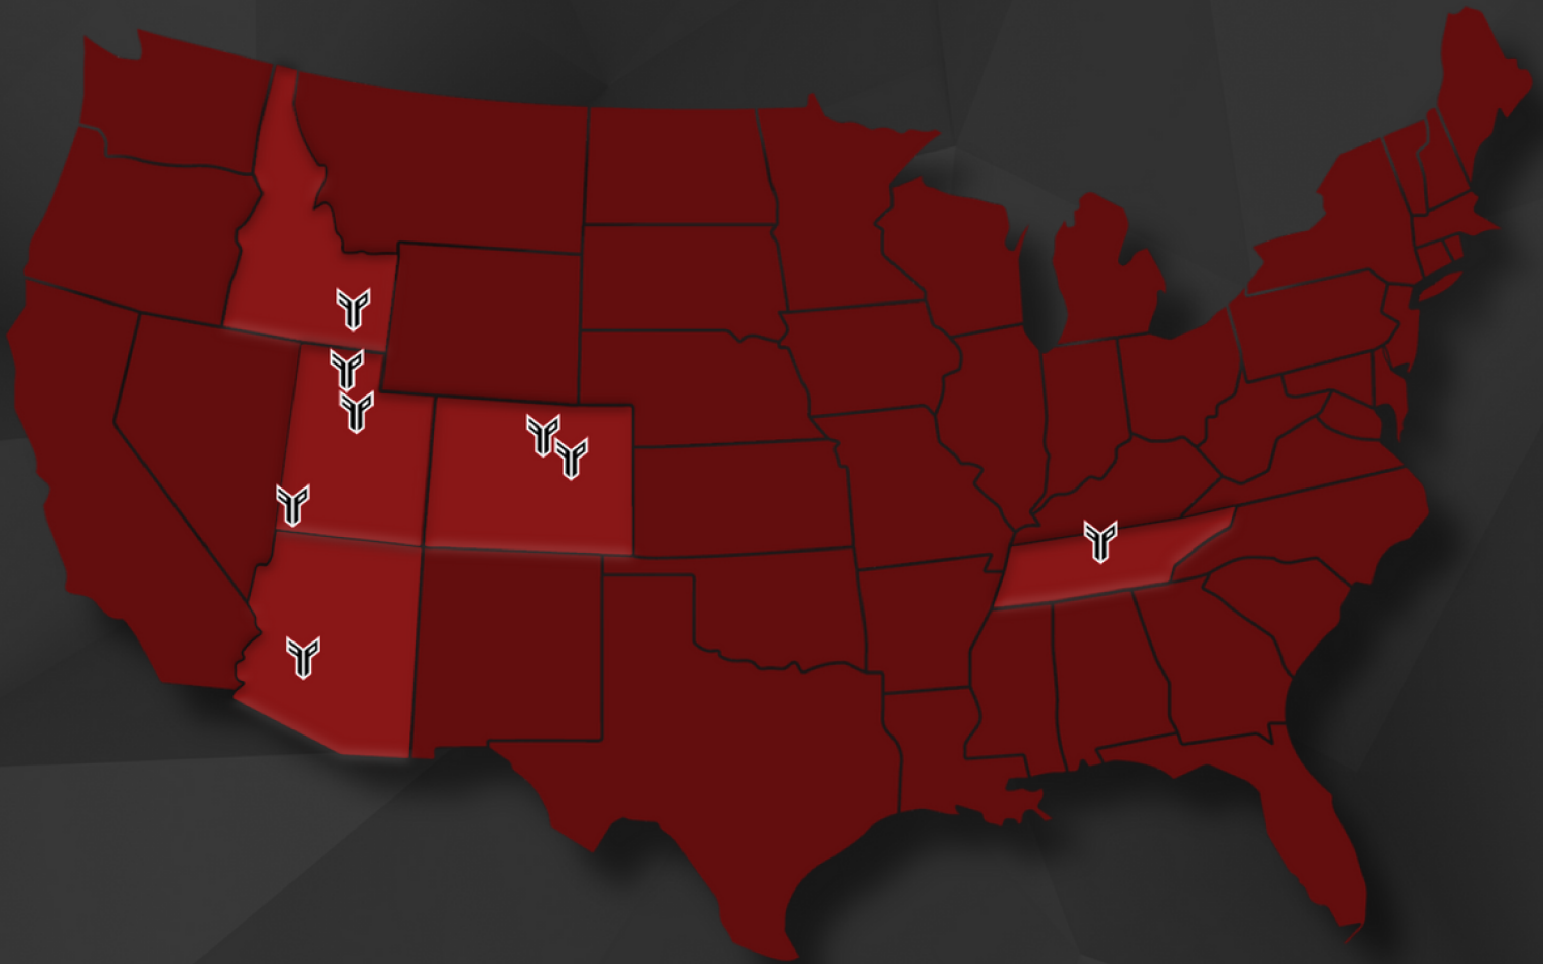

PROUD MEMBER OF  PACKAGING DISTRIBUTORS OF AMERICA
